

RE

In RE we will be learning about Pentecost, Special Celebrations, Jesus and God. We will continue to learn about the sign of the cross and our prayers. We will be thinking about different ways we can live out our values and virtues this half term, they are Faith – Filled And Hopeful.

Communication and Language

This half term we will be further developing our speaking skills by talking in complex sentences and using different tenses. We will be learning new words related to our topics; “Under The Sea,” Pentecost, Special Celebrations and during our time in forest school. We will continue to use language to talk about things in single and plural the tense. We will also use language to express our ideas and feelings.

Personal, Social and Emotional

This half term we will be continuing partner talk on the carpet. We will continue to learn about feelings and talk about how we are feeling with our friends. We will be exploring ways of sharing, listening to each other and being kind.

Literacy

This half term we will continue to learn about instrumental sounds and also be learning our letter sounds through the “Read Write Inc.” Scheme. We will continue our ‘Write Dance’ sessions where we will dance and make marks to the beat of the music. We will continue to do lots of activities to help develop our pencil grip. We will be exploring and discussing a range of books to do with our topic, “Under The Sea.”

Parent planner Nursery

Summer - 2nd half term

Thank you in advance for your support.

Miss Kailey 😊

Understanding the World

This half term we will be learning about things related to under the sea. We will be learning about different sea creatures, where they live and what they look like. We will also be making sea creatures by using natural materials in forest school. We will be carrying out a lot of water experiments and testing out our theories of water by being water scientists! We will be exploring our outdoor area and drawing things that we find in our natural environment.

Mathematics

This half term we will be practising counting in a variety of ways. We will consolidate our knowledge of numbers 1 to 10. We will be using lots of mathematical vocabulary including words to describe position and shape. We will be matching number to quantity and sequencing numbers. We will continue to learn about 2D shapes and their properties. We will talk about the shapes of everyday objects and identify shapes in the environment.

Physical Development

This half term we will be practising for sport’s day on the 7th July. The activities include races, obstacle courses and balancing. We will be moving in a variety of ways in response to music. We will continue to have dough disco sessions to strengthen our pencil grip and fine motor skills.

Expressive Arts and Design

This half term we will be learning a variety of songs to do with our topic. We will be learning how to make our own beats using instruments. We will be making sea creatures using junk modelling and learning how to use tools appropriately, for example, the tape dispenser. We will be making pirate ships for all the pirates stranded in Nursery!
